The holy urge that birthed us is the energy of wholeness, self-flowing of love . . .

What we call God is the body of this love, of which you, and all Creation, are part.

Everything holds together in this divine longing.

This love contains everything, even what is cruel and senseless.

Don't let evil convince you of anything.

Stay mindful of the sacred wholeness; let yourself be gathered up in its light.

Even in chaos and cruelty, you walk with the Beloved.

That's what it means every time the sun rises.

(“Unfolding Light” by Steve Garnaas-Holmes.)

Gracious and merciful God, we gather again to continue our efforts to bring justice and prosperity to our corner of the land. May we not strive in vain. May we trust that all is held together in Your love.—AMEN.

Veto Messages

Governor's Office, State Capitol
July 30, 2019

To the Members of the California State Senate:

I am returning **Senate Bill 701** without my signature.

This bill would reorganize statutes governing the prohibition of firearm possession due to an outstanding warrant when the person has knowledge of the warrant. Additionally, this bill would reduce the penalty for violating this prohibition.

Current law requires knowledge that a warrant has been issued before a prohibition on possessing a firearm applies. Further, I believe existing penalties provide the necessary tools to protect public safety and allow for needed discretion to impose appropriate penalties when justified.

Sincerely,

GAVIN NEWSOM, Governor

Above bill ordered to unfinished business.

Receipt of Bills

I acknowledge receipt this 30th day of July, 2019 at 11:55 a.m., of the following Senate Bill without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Emily Patterson.

SB 701

MATHEW BURNS
Acting Secretary of the Senate

Signing Messages

Governor's Office, State Capitol
July 30, 2019

To the Members of the California State Senate:

Today, I am signing **SB 27**, the Presidential Tax Transparency and Accountability Act. I agree with the Legislature that "the State of California has a strong interest in ensuring that its voters make informed, educated choices in the voting booth." As one of the largest economies in the world and home to one in nine Americans eligible to vote, California has a special responsibility to require this information of presidential and gubernatorial candidates.

These are extraordinary times and states have a legal and moral duty to do everything in their power to ensure leaders seeking the highest offices meet minimal standards, and to restore public confidence. The disclosure required by this bill will shed light on conflicts of interest, self-dealing, or influence from domestic and foreign business interests.

The United States Constitution grants states the authority to determine how their electors are chosen, and California is well within its constitutional right to include this requirement.

In October of 2018, the Brennan Center's National Task Force on Rule of Law and Democracy, a bipartisan group of former public servants and policy experts, recommended that Congress standardize and codify the longstanding practice of tax return disclosure by sitting presidents, vice presidents, and candidates for those offices to assist voters and deter corruption. I agree. This law should be a national standard.

Accordingly, I am signing Senate Bill 27.

Sincerely,

GAVIN NEWSOM, Governor

Governor's Office, State Capitol

July 31, 2019

To the Members of the California State Senate:

I am signing **Senate Bill 307**, which requires the State Lands Commission, in consultation with the Department of Fish and Wildlife and the Department of Water Resources, to find that the transfer of the water from a groundwater basin underlying specified desert lands will not adversely affect the natural or cultural resources, including groundwater resources or habitat, of those federal and state lands in order for that transfer to be allowed.

Water has flowed underneath the Mojave for thousands of years, sustaining the Native Americans, bighorn sheep, the threatened desert tortoise and a variety of other plant and animal life that have made the Mojave Desert their home.

This fragile ecosystem has existed, in balance, for centuries. Prior to allowing any project to move forward there must be certainty that it will not threaten the important natural and cultural resources.

SB 307 will ensure that independent scientific analysis is conducted and reviewed in a public and transparent process. Such a process will determine if any major water transfer project in the Mojave Desert will unreasonably affect the environment and water dependent ecosystem in the surrounding watersheds prior to any project being approved.

Sincerely,

GAVIN NEWSOM, Governor
